Good morning,

I am disappointed to note that, despite our previous requests for payment, your account remains overdue. I have attached a copy of the most recent email thread for your reference.

We trust that you will give this matter your immediate attention, as failure to bring your account up to date by 7 July 2025 will give us no option but to add late payment fees at £70 per invoice, and statutory interest at 8% plus the Bank of England base rate.

Should you have any queries about these invoices please do not hesitate to call Dana Maslenova, your Contract Coordinator, on 01225 462598.

Kind regards,

Alyson Everett
