Why Choose Emerald?

Thank you for considering Emerald Windows and Doors for your home improvement project.

We understand that choosing the right company for your home is a big decision, which is why we have put together everything you need to feel confident and informed in your choice.

In this brochure, you'll find everything you need to know about Emerald Windows and Doors- who we are, what we offer, and why we're proud to be the South West's number one installer. From award recognition to smart security features and customer reviews, we've compiled the key reasons people continue to choose Emerald.

Family-Run Since 2004

Emerald was founded in 2004 by husband and wife duo Martin and Mandy Brett in Swindon, after relocating from Kilkenny, Ireland. Since day one, our family values have shaped how we operate – doing right by our customers, our employees, and our suppliers. Today, their son and daughter have also joined the business, continuing the family legacy and helping to drive Emerald forward. We're committed to offering fair prices, exceptional service, and the best products we can provide.

Trusted Local Installer

We have been serving Swindon and the surrounding area for 20+ years, with a team we and you can trust. Our longstanding team of experts have taken the time to properly understand our products in order to ensure every installation is handled with care, expertise, and attention to detail.

Awards, Accreditations & Industry Affiliations

We've won a GGP Installer Award, which means our work has been recognised as some of the best in the industry. It shows our commitment to quality, attention to detail, and delivering great results for our customers.

We are an Approved Craftsman under the Consumer Protection Association (CPA). This status confirms we've been fully vetted and offer insurance-backed guarantees.

We are an accredited member of the British Blind and Shutter Association (BBSA), adhering to the highest standards in the blinds and shutters industry. You can trust our products, and installations to be safe and compliant.

We've won a Prestige Award, which means our work has been recognised for outstanding service, quality, and customer satisfaction- so you know you're in trusted hands.

We are a FENSA Registered Installer, meaning our window and door installations comply with building regulations, are energy efficient, and are registered with the local council. This ensures you receive peace of mind and a certificate to prove it.

GLASS AND GLAZING FEDERATION

As a member of the Glass and Glazing Federation (GGF), we adhere to high industry standards, offer strong consumer protection, and ensure all our work meets current regulations.

Our Swindon Showroom

See our products in person at our Swindon showroom – from uPVC windows and composite doors to shutters and more. It's the perfect place to explore your options, ask questions, and get expert advice without any pressure.

Our dedicated composite door gallery is a standout feature, showcasing a wide selection of door styles, glass designs, and an extensive range of slab and frame colours. Whether you're after a classic look or something more contemporary, you'll be able to see and compare all the possibilities up close – helping you find a door that truly suits your home.

What Makes Us Different?

Competitive Pricing- No Hidden Fees

We believe in honest pricing- no inflated quotes, no phony discounts, and absolutely no pressure. Just genuine value for high-quality products, installed by a team you can trust.

Some companies offer staged discounts if you agree on the spot, or try the classic “let me call my boss” routine. You won’t find that here. Instead of lowering an overinflated price, we give you our best price first - and it’s a fair one.

What Makes Us Different?

Skilled, In-House Installation Teams

We don't subcontract our installations- our trusted in-house team handles everything from start to finish. Every installer knows our products inside out and takes real pride in their work, ensuring your home is treated with care and every detail is spot on.

What Makes Us Different?

10 Year Insurance Backed Guarantee

We offer a 10-year insurance-backed guarantee on our installations for an extra peace of mind. It's our promise that your investment is protected- no matter what.

Exceptional Aftercare

Our commitment to you doesn't end once the job's done. If you ever need support or have a question, our friendly aftercare team is just a call away - ready to help, with the same level of care you'd expect from day one.

Don't Just Take Our Word For It...

“What an amazing service from the time we called the firm until a few minutes ago when the fitters left. We are ABSOLUTELY amazed at the levels of service delivered by the team, but most by George and Eugene, our fitters. Nothing was too much trouble. My neighbour heard them discussing the work “if we do it like this, it will look more stylish. It will take longer but it will look so much better” They demonstrated high levels of customer care and the standard of their work far exceeded our expectations. They were very polite and they made sure that our dogs did not escape. They truly valued our custom and they created an excellent impression of the firm.

Emerald windows is not like any other double glazing firm we have known:

NO PRESSURE
VERY POLITE
ACCEPTABLE PAYMENT PLAN THAT SUITS THE CLIENT AND THE FIRM
AMAZING FITTERS
GREAT QUALITY
GREAT STYLE

A BIG thank you to everyone at the firm. We will be recommending you to our friends and family without doubt.”

-A. Brackenbury, Swindon

Don't Just Take Our Word For It...

“Very pleased with our new windows, composite front door and back door from Emerald. Excellent quality, would definitely recommend them. I also liked how they didn't use pressure selling tactics and they didn't hassle us or rush us for a decision (unlike other companies we have had quotes from).

The installers, Simon & Sam, were always timely, friendly and polite and installed to the very highest quality. Really couldn't have done a better job!

Incredibly happy with the final result!

Update - we have recently also had the windows, doors and roof replaced on our conservatory, by Emerald. The installers Jay & Shaun did an excellent job with the windows and roof. The plasterer (Craig), the electrician & the painter, organised by Emerald, also did a top quality job as well. Very happy with the end result. Glad we used Emerald again!”

-B. Preston, Swindon

Don't Just Take Our Word For It...

"Thankyou!"

My initial contact with Emerald Windows began after a poor experience with another local window & door company

I have been nothing but impressed from start to finish, from the lady that initially took my phone call to the two men that came out to discuss what we wanted, followed by the fitter who did a great and very quick job of installing the doors.

We have had a lot of work done by different trades since buying our home, some not so good, which means I really appreciate it when a company just comes and does the job we are paying them for properly in the timescales they have told us (Emerald were even quicker than we expected too), with no issues.

I am in love with our new doors, not only do they look great, but we can finally open and close our front door with 1 hand, it sounds basic but for years we needed new doors and had to force the main door open with 2 hands which could be a struggle when carrying a toddler.

So thankyou Emerald for just making my life easier and our house prettier.
Will recommend you to everyone."

-G. Cunningham, Swindon
